Chairman's Statement

On behalf of the Board of Directors, I am pleased to present the annual report of Ju Teng International Holdings Limited (the "Company" or "Ju Teng") for the year ended 31 December 2006.

BUSINESS REVIEW

High growth in shipment of notebook computers

As a leading global manufacturer of notebook computer casings, the Group continued to record growth in revenue in 2006. The turnover increased 33% from HK$2,672 million in 2005 to HK$3,558 million in 2006, mainly attributable to the fast growing global notebook computer market and Taiwan's share in the global market. The Group expects the notebook computer market to continue to deliver growth of over 15% each year in the coming few years bolstered by the market trend of shifting from desktop PCs to notebook computers. Taiwan manufacturers currently supply over 80% of notebook computers shipment globally and their market share is still growing after having relocated their production plants to the PRC and built the world's largest notebook supply chain in the Shanghai area. With direct presence in Jiangsu province, the Group is able to work closely with Taiwan notebook computers assembly players, including Quanta, Compal, Asustek, Wistron and Inventec to increase operational efficiency and optimise product development.

Advanced technologies

Notebook computers are gradually becoming one of the general consumer products. As a result, they need to have appealing product designs to stand out in the market. To attract maximum customers' attention, top notebook computer brands are putting greater efforts on notebook computer design and colour scheme. As a leading notebook computer casing manufacturer, the Group plays an important role in creating new looks for notebook computers. The Group has successfully developed several advanced casing technologies, such as in-mould decoration injection moulding which directly adheres film to notebook computer's plastic casing by moulding technique, thus skipping the later process of spray painting. This technology has been adopted by a number of notebook computer brand manufacturers. The Group is also highly committed to the application of advanced surface treatment technology. It is capable of spray painting that creates three-dimensional visual effects to give products more colourful and attractive appearances.

PROSPECTS

The Group remains optimistic about the Group's performance in 2007 as we expect a strong demand for notebook computers to continue in 2007. The Group will continue to diversify the product base from notebook computer casings to casings of other electronic products by leveraging at its relationships with existing customers and utilisation of its specialized technological know-how in casing manufacturing. Recognising the importance of the ability to develop new and advanced products in the future, the Group will focus on perfecting material applications and spray painting technology. While the Group's gross profit margin has shown signs of stabilizing in 2006, it will continue to face the challenge of costs surge in the coming year triggered by rising short term interest rates, raw material price fluctuation and the appreciation of the value of Renminbi ("RMB"). The Group will strive to improve production efficiency and increase the proportion of sales from new products (such as casings made by in-mould decoration injection moulding technique) to alleviate these unfavourable effects and, on this basis, to further enhance its profitability.

APPRECIATION

I would like to take this opportunity to thank the Board, our shareholders and business partners for their commitment and continuous support. On behalf of the Group, I would also like to express my gratitude to all my dedicated colleagues for their efforts over the past year, without which we would not have achieved so much progress.

Management Discussion and Analysis

FINANCIAL REVIEW

Turnover and gross margin

The Group recorded a substantial growth in turnover of approximately 33% in 2006 as compared with that of 2005 and reached approximately HK$3,558 million in 2006. Although the Group continued to benefit from the strong growth in sales of notebook computers, its gross profit margin dropped to approximately 14.2% in 2006 from 16.5% in 2005 because of higher material costs and appreciation of value of RMB.

Operating expenses

The Group's operating costs and other operating expenses, including administrative expenses, selling and distribution costs and other operating expenses was approximately HK$263 million, representing an increase of 20% in 2006 as compared with that of 2005. Administrative expenses increased from approximately HK$192 million in 2005 to approximately HK$242 million in 2006 which was mainly attributable to the pre-operating costs of the new production plant in Kunshan and the increase in staff costs, depreciation and office utilities for the expansion of the Group's operational scale. The operating expenses were closely controlled by the management at a low level as it only accounted for approximately 7.4% (2005:8.2%) of the Group's turnover.

Financial costs

Interests on bank borrowings increased significantly by approximately 65% to approximately HK$99 million in 2006 (2005: HK$60 million) as compared with that of 2005. This was mainly due to the increase in bank borrowings and the increase in the United States dollars ("USD") and RMB bank borrowing rate during 2006.

Profit attributable to equity holders

The profit attributable to equity holders of the Company increased to approximately HK$203 million in 2006 from approximately HK$192 million in 2005. The increase in profitability was mainly resulted from the substantial growth in turnover and increase in other income including exchange gains, gain on disposal of investment and interest income.

LIQUIDITY, FINANCIAL RESOURCES AND CAPITAL STRUCTURE

The Group generally finances its operations with internally generated cash flow as well as banking facilities provided by its principal bankers. As at 31 December 2006, the Group's cash and bank balances amounted to approximately HK$180 million, representing a decrease of 21% as compared with that of 2005 which was attributable to the increase in the pledged bank deposits of approximately HK$156 million in 2006 (2005: HK$31 million).

As at 31 December 2006, the Group had total bank borrowings of approximately HK$840 million, which declined slightly by 3% from that of 2005. Except for an amount of approximately HK$2 million (2005: HK$526 million) which will be repayable after one year, all the bank borrowings are matured within one year. The Group's bank loans with carrying amounts of approximately HK$798 million (2005: HK$829 million), approximately HK$30 million (2005: HK$37 million), and approximately HK$12 million (2005: HK$3 million) were denominated in USD, RMB and New Taiwan dollars, respectively.

During the year, the Group entered into trade receivables factoring facilities which improved significantly the Group's cash flow from operating activities to a net cash inflow position of approximately HK$472 million (2005: HK$177 million). The Group's net decrease in cash and cash equivalents of approximately HK$50 million (2005: net increase in cash and cash equivalents of approximately of HK$78 million) was primarily attributable to the repayment of bank loans, acquisitions of fixed assets and investments, and the increase of pledged bank balances which offset the cash inflows from operating activities.

The gearing ratio of the Group, calculated as total bank borrowings of approximately HK$840 million (2005: HK$869 million) over total assets of approximately HK$4,075 million (2005: HK$3,604 million), was 21%, representing a slight improvement from 24% in 2005.

PLEDGE OF ASSETS

As at 31 December 2006, the Group pledged land and buildings and machinery with an aggregate carrying amount of approximately HK$604 million and bank balances and time deposits of approximately HK$133 million as securities for bank facilities.

EMPLOYEES

As at 31 December 2006, the Group had approximately 26,000 employees and staff costs amounted to approximately HK$468 million (2005: HK$397 million). The Group's employees are remunerated in line with the prevailing market terms and individual performance, with the remuneration package and policies reviewed on a regular basis. Discretionary bonuses may be rewarded to employees after assessment of the performance of the Group and the individual employee. The Group also operates a defined contribution Mandatory Provident Fund retirement benefits scheme for all its employees in Hong Kong, and provides its PRC employees with welfare schemes as required by the applicable laws and regulations of the PRC.

FOREIGN EXCHANGE EXPOSURE

The Group is exposed to fluctuation in foreign exchange rates. Since most of the Group's revenue is denominated in USD and most of the Group's expenses are denominated in RMB, the appreciation of value of RMB will adversely affect the Group's profitability. Accordingly, the Group has entered into forward foreign exchange contracts to mitigate the possible exchange losses relating to the fluctuations in the values of the USD and RMB in 2006.

USE OF IPO PROCEEDS

The Company issued 260 million new shares of HK$0.10 each at an offer price of HK$1.4 per share by way of international placing and public offer in Hong Kong ("New Issue"). The net proceeds from the New Issue ("Net Proceeds") after deducting the relevant expenses were approximately HK$322 million. Since the Company's listing on the main board of the Stock Exchange on 3 November 2005, the Group had utilized the Net Proceeds in accordance with that disclosed in the prospectus issued by the Company dated 25 October 2005, as to approximately HK$118 million for the acquisition of new machinery, approximately HK$114 million for acquisition of interests in companies engaged in mould manufacturing and production materials supplies, and approximately HK$77 million for the repayment of the outstanding bank borrowings. The balance of the Net Proceeds was applied as general working capital of the Group.

CAPITAL COMMITMENTS

As at 31 December 2006, the Group had capital commitments but not provided for in the financial statements in respect of the acquisition of land and buildings and machinery amounted to approximately HK$17 million (2005: HK$10 million).

CONTINGENT LIABILITIES

As at 31 December 2006, the Group did not have any significant contingent liabilities.

3. Please refer to note 31 to the financial statements for details of exercise periods and exercise prices of the share options held by the relevant Director.

4. This percentage was calculated on the basis of 1,052,800,000 Shares in issue immediately following the exercise in full of all the options granted under the pre-IPO share option scheme ("Pre-IPO Share Option Scheme") of the Company and Post-IPO Share Option Scheme at the same time and assuming that there would be no change in the total issued share capital of the Company other than as enlarged by the exercise of these options prior to the exercise in full of these options.

5. Mr. Tsui Yung Kwok's long position in the underlying Shares comprised 2,800,000 options granted to him by the Company on 17 June 2005 under the Pre-IPO Share Option Scheme and such share options remained outstanding as at 31 December 2006.

Save as disclosed above, as at 31 December 2006, none of the Directors or chief executive of the Company had an interest or short position in the Shares, underlying Shares or debentures of the Company or any of its associated corporation which had been notified to the Company and the Stock Exchange pursuant to Divisions 7 and 8 of Part XV of the SFO (including interests and short positions in which they were deemed or taken to have under such provisions of the SFO), or was required to be recorded in the register required to be kept by the Company pursuant to Section 352 of the SFO, or as otherwise notified to the Company and the Stock Exchange pursuant to the Model Code for Securities Transactions by Directors of Listed Issuers as set out in the appendix 10 to the Listing Rules.

DIRECTORS' RIGHTS TO ACQUIRE SHARES OR DEBENTURES

Save as disclosed in note 31 to the financial statements, at no time during the year were there rights to acquire benefits by means of the acquisition of Shares in or debentures of the Company granted to any Director or their respective spouse or minor children (natural or adopted), or were such rights exercised by them; or was the Company or any of the Subsidiaries a party to any arrangement to enable the Directors to acquire such rights in any other body corporate.

SHARE OPTION SCHEME

The Directors have estimated the following theoretical valuations of the options granted under the Post-IPO Share Option Scheme during the year, calculated using the Black-Scholes option pricing model as at the date of the grant of the options:

Grantee	**Number of options granted during the year**	**Theoretical value of share options**
		HK$
Mr. Huang Kuo-Kuang	3,000,000	2,222,000
Mr. Hsieh Wan-Fu	1,500,000	1,111,000
Mr. Lo Jung-Te	1,500,000	1,111,000
Mr. Tsui Yung Kwok	998,000	739,000
Other employees	43,002,000	31,851,000
	50,000,000	37,034,000

The Black-Scholes model is a generally accepted method of valuing options. The significant assumptions used in the calculation of the theoretical value of the options were:

Dividend yield (%)	0
Expected volatility (%)	52.18
Risk-free interest rate (%)	3.813 – 3.869
Weighted average expected life of option (year)	4.67
Underlying price per share (HK$)	1.56

The measurement date used in the valuation calculations was the date on which the options were granted.

The value of share options calculated using the Black-Scholes model is subject to certain fundamental limitations, due to the subjective nature of and uncertainty relating to a number of the assumptions of expected future performance input to the model, and certain inherent limitations of the model itself.

The value of an option varies with different variables of certain subjective assumptions. Any change to the variables used may materially affect the estimation of the fair value of an option.

SUBSTANTIAL SHAREHOLDERS' INTERESTS IN SHARES

As at 31 December 2006, the interest or short position of the person (other than a Director or chief executive of the Company) in the Shares and underlying Shares of the Company as recorded in the register required to be kept by the Company pursuant to Section 336 of the SFO or which would fall to be disclosed to the Company and the Stock Exchange pursuant to Division 2 and 3 of Part XV of the SFO were as follows:

Name	**Capacity and nature of interest**	**Number and class of Shares held** *(Note 1)*	**Approximate percentage of shareholding**
Southern Asia	Beneficial owner	395,947,439 (L) Ordinary Shares	39.59%
Shine Century Assets Corp. *(Note 2)*	Interest of a controlled corporation	395,947,439 (L) Ordinary Shares	39.59%
East Asia International Trustees Limited *(Note 2)*	Trustee (other than a bare trustee)	395,947,439 (L) Ordinary Shares	39.59%

Extrawell Developments Limited	Beneficial owner	182,282,174 (L) Ordinary Shares	18.23%

Notes:

1. The letter "L" denotes a long position in the Share.

2. The Shares were held by Southern Asia, which was owned as to approximately 69.09% by Shine Century Assets Corp. The entire issued share capital of Shine Century Assets Corp. was owned by the Cheng Family Trust, the trustee of which was East Asia International Trustees Limited. Shine Century Assets Corp. was deemed to be interested in all the Shares in which Southern Asia was interested by virtue of the SFO. East Asia International Trustee Limited was deemed to be interested in all the Shares in which Shine Century Assets Corp. was interested by virtue of the SFO. The Shares registered in the name of Southern Asia was also disclosed as the interest of Mr. Cheng Li-Yu and Mr. Cheng Li-Yen in the section headed "Directors' and chief executive's interests and short positions in shares and underlying shares" above.

3. Ms. Lin Mei-Li was the wife of Mr. Cheng Li-Yu and she was deemed to be interested in all the Shares in which Mr. Cheng Li-Yu was interested by virtue of the SFO.

Save as disclosed above, as at 31 December 2006, no person, other than the Directors and chief executive of the Company, whose interests are set out in the section "Directors' and chief executive's interests and short positions in shares and underlying shares" above, had an interest or short position in the Shares or underlying Shares of the Company that was required to be recorded in the register required to be kept by the Company pursuant to Section 336 of the SFO or which would fall to be disclosed to the Company and the Stock Exchange pursuant to Divisions 2 and 3 of Part XV of the SFO.

CONNECTED TRANSACTIONS AND CONTINUING CONNECTED TRANSACTIONS

The independent non-executive Directors have reviewed and confirmed that the continuing connected transactions undertaken by the Group were entered into (i) in the ordinary and usual course of business of the Group; (ii) either on normal commercial terms or on terms no less favourable to the Group than terms available to or from independent third parties; and (iii) in accordance with the relevant agreements governing the transactions on terms that are fair and reasonable and in the interests of the shareholders of the Company as a whole.

During the year under review, the Group had conducted the following continuing connected transactions which were required to be disclosed pursuant to Rules 14A.45 and 14A.46 of the Listing Rules:

(a) On 6 October 2005, Gi Li Co., Ltd. ("Gi Li"), an indirect wholly-owned subsidiary of the Company, entered into an agreement with each of San Li Company Limited ("San Li") and Sunrise Plastic Injection Company Limited ("Sunrise"), pursuant to which the Group agreed to sell (i) its products to San Li; and (ii) plastic production materials to Sunrise at prices to be determined from time to time by the parties in accordance with the pricing policies of the Group, provided that such terms were on normal commercial terms and were no more favourable than those applicable to the sale of the same type of products or plastic production materials to the independent third parties. The above agreements had a term expiring on 31 December 2007 unless otherwise terminated earlier by three months' written notice by either party.

The entire share capital of San Li was owned by Mr. Cheng Li-Yu, an executive Director, and his family members. The issued share capital of Sunrise was owned as to 50% by Mr. Cheng Li-Yen, an executive Director, and his family members.

(b) On 6 October 2005, Gi Li entered into an agreement with each of San Li, Ta Yu Metallic Company Limited ("Ta Yu") and Sunrise, pursuant to which the Group agreed to purchase the production materials and moulds from time to time produced or supplied by each of San Li, Ta Yu and Sunrise, at prices to be determined from time to time in accordance with the pricing policies of the Group, provided that such terms were on normal commercial terms and were no more favourable than those applicable to the sale of the same type of production materials and/or moulds by each of them to the independent third parties. The above agreements had a term expiring on 31 December 2007 unless otherwise terminated earlier by three months' written notice by either party.

The issued share capital of Ta Yu was owned as to approximately 93.33% by Mr. Horng Tsai Chin, a former non-executive Director, and his family members.

(c) On 27 March 2006, Giant Glory International Limited ("Giant Glory") entered into the agreement with Wistron Corporation ("Wistron"), pursuant to which the Group agreed to sell the casings for electronic products and related materials manufactured and/or supplied by the Group ("Products") to Wistron and its subsidiaries ("Wistron Group"), at prices to be determined from time to time by the Group and Wistron (for itself and on behalf of other members of Wistron Group) with reference to the market prices and on such terms that are no more favourable than those applicable to the sales of the Products by the Group to independent third parties. The above agreement had a term expiring on 31 December 2008 unless terminated earlier according to the terms and conditions of the agreement. The total sales of the Products by the Group to Wistron Group amounted to approximately HK$707,393,000 for the year ended 31 December 2006.

Wistron is a substantial shareholder of Mindforce Holdings Limited, a 70%-owned indirect subsidiary of the Company.

(d) On 13 November 2006, Giant Glory (for itself and on behalf of other members of the Group) entered into the agreements (as supplemented by the respective supplemental agreements dated 22 December 2006) with each of San Li, Sunrise and Ta Yu, pursuant to which, (i) San Li agreed to provide (or procure the provision of) technological support and know-how in relation to dust-free spray painting to the Group; (ii) Sunrise agreed to provide (or procure the provision of) technological support and know-how in relation to plastic injection moulding to the Group; and (iii) Ta Yu agreed to provide (or procure the provision of) technological support and know-how in relation to metal tooling and stamping to the Group. The Group will pay to and/or reimburse each of San Li, Sunrise and Ta Yu (i) a monthly royalty and service fee determined after arm's length negotiation; and (ii) any out of pocket expenses to be incurred from time to time in relation to the provision of technological support. The above agreements had a term expiring on 31 December 2007 unless terminated earlier according to the terms and conditions of the above agreements (as supplemented by the respective supplemental agreements).

SUFFICIENCY OF PUBLIC FLOAT

Based on the information that is publicly available to the Company and within the knowledge of the Directors, at least 25% of the Company's total issued share capital was held by the public as at the latest practicable date prior to the issue of this annual report.

DIRECTORS' INTERESTS IN COMPETING BUSINESSES

None of the Directors or substantial shareholders of the Company or any of their respective associates has engaged in any business that competes or may compete with the business of the Group.

On 6 October 2005, Mr. Cheng Li-Yu, Mr. Cheng Li-Yen and Mr. Horng Tsai-Chin, being the existing and former Directors, respectively, and San Li, Sunrise and Ta Yu, being their respective associates, had given irrevocable non-compete undertaking (collectively "Non-compete Undertakings") in favour of the Group pursuant to which each of them irrevocably, unconditionally and severally undertaken, among other matters, not to, directly or indirectly, invest in, be engaged in or participate in any business or activity which would or might compete with the business of the Group. Details of the Non-compete Undertakings have been set out in the sub-paragraph headed "Non-compete undertaking" of the paragraph headed "Potential competing business of our controlling shareholder, our Directors and their respective associates" under the section headed "Business" of the Prospectus.

The Company has received the annual confirmations from each of Mr. Cheng Li-Yu, Mr. Cheng Li-Yen, Mr. Horng Tsai-Chin, being the existing and former Directors, respectively, and San Li, Sunrise and Ta Yu, being their respective associates, in respect of their respective compliance with the terms of the Non-compete Undertakings.

Corporate Governance Report

Ju Teng International Holdings Limited (the "Company") continues to devote much efforts on formulating the sufficient corporate governance practices which it believes is crucial to its healthy growth and its business needs.

The Company has adopted the code provisions set out in the Code on Corporate Governance Practices ("CG Code") contained in Appendix 14 to the Rules ("Listing Rules") Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited ("Stock Exchange"). The Company periodically reviews its corporate governance practices to ensure its continuous compliance with the CG Code. For the year ended 31 December 2006, the Company had complied with the code provisions of the CG Code save for the following:

Code Provision A.1.3

Pursuant to code provision A.1.3 of the CG Code, notice of at least 14 days should be given of a regular board meeting so as to give all directors an opportunity to attend. However, not all regular board meetings held during the year was convened by a notice of more than 14 days. The failure to serve notice timely as required under the relevant CG Code was mainly due to the insufficient time for arranging for the relevant regular board meetings. To ensure compliance with the CG Code and to furnish the directors ("Directors") of the Company with appropriate information in a timely manner, the chairman of the board ("Board") of Directors and the company secretary will arrange for the regular Board meetings in advance in order to allow the service of sufficient and proper notice to all the Directors concerned.

Code Provision A.2.1

Pursuant to code provision A.2.1 of the CG Code, the roles of chairman and chief executive officer should be separate and should not be performed by the same individual. Mr Cheng Li-Yu is the chairman of the Board but there is no chief executive officer appointed in the Company. The day-to-day management of the business of the Company and its subsidiaries (collectively, the "Group") and the execution of the instructions and directions of the Board are managed by the management team of the Group which comprises some of the executive Directors and the senior management of the Group. The Directors believe that the allocation of the daily management of different sectors of the Group's business amongst the senior management who possesses different experiences and qualifications will enable the Group to enhance the effectiveness and efficiency of the implementation of the business plan. The Board will continue to review the current management structure from time to time and shall make necessary changes when appropriate and inform the shareholders accordingly.

BOARD OF DIRECTORS

The Group is led by and controlled through the Board, which is currently constituted by a combination of six executive Directors and three Independent non-executive Directors.

The Board oversees the overall management and operations of the Company. Major responsibilities of the Board include approving the Company's overall business, financial and technical strategies, setting key performance targets, approving financial budgets and major expenditures, supervising and scrutinizing the performance of management while the senior management are responsible for the supervision and day-to-day management of operation of the Group and the execution of the plans of the Group as approved by the Board.

The independent non-executive Directors have been appointed by the Company for a term of two years commencing from the date of their respective appointment renewable automatically for successive terms of one year each commencing from the day next after the expiry of the then current term of appointment, and until terminated by not less than three months' notice in writing served by either the Company or the respective Director on the other. The independent non-executive Directors are also subject to rotation at annual general meetings pursuant to the articles of association of the Company. All the independent non-executive Directors have confirmed in writing to the Company that they have met all the guidelines for assessing their independence as set out in rule 3.13 of the Listing Rules.

The Company has adopted the Model Code for Securities Transactions by Directors of Listed Issuers ("Model Code") as set out in Appendix 10 to the Listing Rules. Having made specific enquiry of all Directors, the Company is satisfied that all the Directors have fully complied with the standards set out in the Model Code for the year ended 31 December 2006.

The Directors' fees are subject to shareholders' approval at general meetings of the Company. Other emoluments are determined by the Board with reference to the Directors' duties, responsibilities and performance and the results of the Group.

Save as the sibling relationship between Mr. Cheng Li-Yu and Mr. Cheng Li-Yen, the executive Directors, there is no family relationship between any of the Directors, nor is there any financial, business or other material or relevant relationships among the members of the Board.

BOARD MEETINGS

It is intended that the Board should meet regularly for at least four times a year, i.e. at approximately quarterly intervals. Special meetings of the Board will be convened if the situation requires so. For the year ended 31 December 2006, the Board convened a total of ten Board meetings (exclusive of meetings of Board committee constituted by the Board held during the year) and the individual attendance record of the Directors is tabulated as follows:

NOMINATION OF DIRECTORS

The Company has not set up any nomination committee. In considering the nomination of new Directors, the Board will take into account the qualification, ability, working experience, leadership and professional ethics of the candidates as well as the independence requirement in case of an independent non-executive Director.

The Board has adopted the nomination procedures of a new Director, pursuant to which (i) an interview will be conducted with the prospective candidates; and (ii) board meeting will be held to consider, if thought fit, and approve the appointment of the new Director. To ensure a proper understanding of the operations and business of the Company and that he is fully aware of his responsibilities under the applicable laws and regulations (including the Listing Rules), the newly appointed Director will be provided with a comprehensive, tailored and formal induction on the first occasion of his appointment.

At the conclusion of the annual general meeting of the Company held on 25 May 2006, Mr. Hsieh Wan-Fu and Mr. Lo Jung-Te were appointed as executive Directors and Mr. Yip Wai Ming was appointed as an independent non-executive Director.

As far as the nomination and appointment of Directors are concerned, one board meeting and one Board committee meeting were convened for the year ended 31 December 2006.

COMMITTEES OF THE BOARD

The Board has established the Audit Committee and the Remuneration Committee for overseeing particular aspects of the Company's affairs.

AUDIT COMMITTEE AND ACCOUNTABILITY

The Board is responsible for preparing the accounts of the Company, which give a true and fair view of the financial position of the Group on a going concern basis. It is also responsible for presenting a balanced, clear and understandable assessment of the Group's annual and interim reports, other price-sensitive announcements and other financial disclosures as required under the Listing Rules. The management provides all relevant information and records to the Board which enable it to prepare the accounts and to make above assessments.

The Company has established an audit committee (the "Audit Committee") of the Company with written terms of reference adopted by reference to the code provisions of the CG Code on 17 June 2005. The Audit Committee currently consists of three independent non-executive Directors, namely Mr. Yu Chwo-Ming, Mr. Tsai Wen-Yu and Mr. Yip Wai Ming. Mr. Yu Chwo-Ming is the Chairman of the Audit Committee.

The Audit Committee oversees the overall financial reporting process as well as the adequacy and effectiveness of the Company's internal control procedures. It is responsible for making recommendations to the Board for the appointment, reappointment or removal of the external auditor and also reviews and monitors the external auditor's independence and objectivity as well as the effectiveness of the audit process to make sure that it is in full compliance with the Listing Rules and other applicable standards. For the year ended 31 December 2006, the Audit Committee met with the external auditors to review and approve the audit plans and also reviewed the Group's interim results of 2005 and annual results of 2005 and the audit findings with the attendance of the external auditors and Executive Directors.

The Audit Committee convened three meetings for the year ended 31 December 2006. The individual attendance record of each member of the Audit Committee is tabulated as follows:

Name of Director		Number of meetings held while being a Director	Number of meetings attended
Mr. Yu Chwo-Ming *(Chairman)*		3	3
Mr. Tsai Wen-Yu		3	3
Mr. Lo Ching Pong	*(retired on 25 May 2006)*	2	2
Mr. Yip Wai Ming	*(appointed on 25 May 2006)*	1	1

AUDITORS' REMUNERATION

During the year, the audit and non-audit fees payable/paid to Ernst & Young, the auditors of the Group, was made up of an audit fee of HK$2,300,000 and non-audit service fees of HK$757,000.

REMUNERATION COMMITTEE

The Company has established the remuneration committee (the "Remuneration Committee") of the Company with written terms of reference adopted by reference to the code provisions of the CG Code on 17 June 2005. The Remuneration Committee currently consists of three independent non-executive Directors and two executive Directors, namely Mr. Yu Chwo-Ming, Mr. Tsai-Wen Yu, Mr. Yip Wai Ming, Mr. Cheng Li-Yu and Mr. Huang Kuo-Kuang. Mr. Yu Chwo-Ming is the Chairman of the Remuneration Committee.

The Remuneration Committee is mainly responsible for making recommendations to the Board on the Company's remuneration policy and structure for all Directors and senior management. For the year ended 31 December 2006, the Remuneration Committee reviewed remuneration policy and packages of the Directors and senior management and considered and approved the remuneration packages of the three Directors, namely, Mr. Hsieh Wah-Fu, Mr. Lo Jung-Te and Mr. Yip Wai Ming who were appointed in May 2006.

The Remuneration Committee convened two meetings for the year ended 31 December 2006. The individual attendance record of each member of the Remuneration Committee is tabulated as follows:

Name of Director		Name of meetings held while being a Director	Number of meetings held

Mr. Cheng Li-Yu		2	2
Mr. Huang Kuo-Kuang		2	2

DIRECTORS' AND AUDITORS' ACKNOWLEDGEMENT

The Directors acknowledge their responsibility for preparing the accounts for the year under review.

The external auditors of the Company acknowledge their reporting responsibilities in the independent auditors' report on the financial statements for the year under review.

INTERNAL CONTROL

The Board is responsible for ensuring that sound and effective internal control systems are maintained within the Group. The Group had hired the independent professionals to perform a review on the system of internal control of the Group to ensure that the financial and operational functions, compliance control, material control, asset management and risk management functions are in place and functioning effectively. With reference to the assessment of the independent professionals, the Directors and the Audit Committee conducted review of the internal control system maintained by the Group including the financial, operational and compliance controls and risk management functions for the year ended 31 December 2006 and are satisfied that it is sufficient to provide reasonable, but not absolute, assurance that the Group's assets are safeguarded against loss from unauthorized use or disposition, transactions are properly authorized and proper accounting records are maintained. The Directors will continue to engage external independent professionals to review its internal control systems and will continue to review the need for setting up an internal audit function.

INVESTOR RELATIONS AND SHAREHOLDERS' COMMUNICATIONS

The Company enhances investor relations and communications by setting up meetings with the investment community. The Company also responds to requests for information and queries from the investment community through the attendance by the executive Directors and designated senior management.

The Board is committed to providing clear and full information of the Company to shareholders through despatching the Group's interim and annual reports, circulars, notices, financial reports to shareholders as and when appropriate.

The Company's annual general meeting provides a good opportunity for communications between the Board and its shareholders. Shareholders are encouraged to attend the annual general meeting. Notice of the annual general meeting and related papers are sent to shareholders at least 21 days before the meeting and such notice is also published in at least one English newspaper and one Chinese newspaper circulated in Hong Kong, and will also be made available on the Stock Exchange's website. The Chairman and Directors will answer questions on the Company's business at the meeting. External auditors will also attend the annual general meeting.

The rights of shareholders and the procedures for demanding a poll on resolutions at shareholder' meetings are provided for in the articles of association of the Company. Details of such rights and procedures are included in the relevant circulars to shareholders and will be explained during the proceedings of meetings where appropriate. The Chairman of the meeting will explain the procedures for conducting a poll at the commencement of such meeting.

Poll results will be published in the newspapers on the business day following the shareholders' meeting and posted on the website of the Stock Exchange.

Independent Auditors' Report

ERNST & YOUNG
安永會計師事務所

To the shareholders of Ju Teng International Holdings Limited
(Incorporated in the Cayman Islands with limited liability)

We have audited the financial statements of Ju Teng International Holdings Limited set out on pages 27 to 85, which comprise the consolidated and company balance sheets as at 31 December 2006, and the consolidated income statement, the consolidated statement of changes in equity and the consolidated cash flow statement for the year then ended, and a summary of significant accounting policies and other explanatory notes.

DIRECTORS' RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

The directors of the Company are responsible for the preparation and the true and fair presentation of these financial statements in accordance with Hong Kong Financial Reporting Standards issued by the Hong Kong Institute of Certified Public Accountants and the disclosure requirements of the Hong Kong Companies Ordinance. This responsibility includes designing, implementing and maintaining internal control relevant to the preparation and the true and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on these financial statements based on our audit. Our report is made solely to you, as a body, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

We conducted our audit in accordance with Hong Kong Standards on Auditing issued by the Hong Kong Institute of Certified Public Accountants. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance as to whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and true and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Independent Auditors’ Report (continued)

OPINION

In our opinion, the financial statements give a true and fair view of the state of affairs of the Company and of the Group as at 31 December 2006 and of the Group’s profit and cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards and have been properly prepared in accordance with the disclosure requirements of the Hong Kong Companies Ordinance.

Notes:

(a) The balance of the issued share capital as at 1 January 2005 represents the issued share capital of Best Alliance Holding Inc., the then holding company of the companies comprising the Group.

(b) In accordance with the relevant regulations in the People's Republic of China (the "PRC"), the Company's subsidiaries established in the PRC are required to transfer a certain percentage of their profits after tax to the statutory reserve fund. Subject to certain restrictions set out in the relevant PRC regulations and in the subsidiaries' articles of association, the statutory reserve fund may be used either to offset losses, or for capitalisation issue by way of paid-up capital.

(c) These reserve accounts comprise the consolidated reserves of HK$1,451,005,000 (2005: HK$1,139,474,000) in the consolidated balance sheet.

1. CORPORATE INFORMATION

Ju Teng International Holdings Limited is a limited liability company incorporated in the Cayman Islands. During the year, the Group was principally engaged in the manufacture and sale of notebook computer casings.

2. GROUP REORGANISATION AND BASIS OF PRESENTATION

Group Reorganisation

Pursuant to a reorganisation scheme to rationalise the structure of the Group in preparation for the listing of the Company's shares on the Main Board of The Stock Exchange of Hong Kong Limited (the "Stock Exchange"), the Company became the holding company of the companies then comprising the Group on 17 June 2005 (the "Group Reorganisation"). This was accomplished by acquiring the entire issued share capital of Best Alliance Holding Inc., which was the then intermediate holding company of the subsidiaries comprising the Group, in consideration of and in exchange for the allotment and issue of 52,599,999 shares of HK$0.1 each in the share capital of the Company, credited as fully paid, to the former shareholders of Best Alliance Holding Inc.

Further details of the Group Reorganisation are set out in the Company's prospectus dated 25 October 2005.

The shares of the Company were listed on the Main Board of the Stock Exchange on 3 November 2005.

Basis of Presentation and Consolidation

The consolidated financial statements in respect of the year ended 31 December 2005 have been prepared using the merger basis of accounting as a result of the Group Reorganisation. On this basis, the Company has been treated as the holding company of its subsidiaries for the financial year presented rather than from the date of their acquisition. Accordingly, the consolidated results of the Group for the year ended 31 December 2005 include the results of the Company and its subsidiaries with effect from 1 January 2005 or since their respective dates of incorporation/registration, where this is a shorter period. In the opinion of the directors, the consolidated financial statements in respect of the year ended 31 December 2005 prepared on the above basis present more fairly the results and the state of affairs of the Group as a whole.

The consolidated financial statements in respect of the year ended 31 December 2006 include the financial statements of the Company and its subsidiaries for the year ended 31 December 2006. The results of subsidiaries are consolidated from the date of acquisition, being the date on which the Group obtains control, and continue to be consolidated until the date that such control ceases. The acquisition of subsidiaries during the year ended 31 December 2006 has been accounted for using the purchase method of accounting. This method involves allocating the cost of the business combinations to the fair value of the identifiable assets acquired, and liabilities and contingent liabilities assumed at the date of acquisition. The cost of the acquisition is measured at the aggregate of the fair value of the assets given, equity instruments issued and liabilities incurred or assumed at the date of exchange, plus costs directly attributable to the acquisition.

2. GROUP REORGANISATION AND BASIS OF PRESENTATION *(Continued)*

Basis of Presentation and Consolidation *(Continued)*

All significant intercompany transactions and balances within the Group are eliminated on consolidation.

Minority interests represent the interests of outside shareholders not held by the Group in the results and net assets of the Company's subsidiaries.

3.1 BASIS OF PREPARATION

These financial statements have been prepared in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") (which also include Hong Kong Accounting Standards ("HKASs") and Interpretations) issued by the Hong Kong Institute of Certified Public Accountants, accounting principles generally accepted in Hong Kong and the disclosure requirements of the Hong Kong Companies Ordinance. They have been prepared under the historical cost convention, except for derivative financial instruments and available-for-sale investment, which have been measured at fair value. These financial statements are presented in Hong Kong dollars and all values are rounded to the nearest thousand except when otherwise indicated.

3.2 IMPACT OF NEW AND REVISED HONG KONG FINANCIAL REPORTING STANDARDS

The Group has adopted the following new and revised HKFRSs for the first time for the current year's financial statements. Except for in certain cases, giving rise to new and revised accounting policies and additional disclosures, the adoption of these new and revised standards and interpretation has had no material effect on these financial statements.

HKAS 21 Amendment	Net Investment in a Foreign Operation
HKAS 39 & HKFRS 4 Amendments	Financial Guarantee Contracts
HKAS 39 Amendment	Cash Flow Hedge Accounting of Forecast Intragroup Transactions
HKAS 39 Amendment	The Fair Value Option
HK(IFRIC)-Int 4	Determining whether an Arrangement contains a Lease

3.2 IMPACT OF NEW AND REVISED HONG KONG FINANCIAL REPORTING STANDARDS *(Continued)*

The principal changes in accounting policies are as follows:

(a) HKAS 21 The Effects of Changes in Foreign Exchange Rates

Upon the adoption of the HKAS 21 Amendment regarding a net investment in a foreign operation, all exchange differences arising from a monetary item that forms part of the Group's net investment in a foreign operation are recognised in a separate component of equity in the consolidated financial statements irrespective of the currency in which the monetary item is denominated. This change has had no material impact on these financial statements as at 31 December 2006 or 31 December 2005.

(b) HKAS 39 Financial Instruments: Recognition and Measurement

(i) Amendment for financial guarantee contracts

This amendment has revised the scope of HKAS 39 to require financial guarantee contracts issued that are not considered insurance contracts, to be recognised initially at fair value and to be remeasured at the higher of the amount determined in accordance with HKAS 37 Provisions, Contingent Liabilities and Contingent Assets and the amount initially recognised less, when appropriate, cumulative amortisation recognised in accordance with HKAS 18 Revenue. The adoption of this amendment has had no material impact on these financial statements.

(ii) Amendment for the fair value option

This amendment has changed the definition of a financial instrument classified as fair value through profit or loss and has restricted the use of the option to designate any financial asset or any financial liability to be measured at fair value through the income statement. The Group had not previously used this option, and hence the amendment has had no effect on the financial statements.

(iii) Amendment for cash flow hedge accounting of forecast intragroup transactions

This amendment has revised HKAS 39 to permit the foreign currency risk of a highly probable intragroup forecast transaction to qualify as a hedged item in a cash flow hedge, provided that the transaction is denominated in a currency other than the functional currency of the entity entering into that transaction and that the foreign currency risk will affect the consolidated income statement. As the Group currently has no such transactions, the amendment has had no effect on these financial statements.

(c) HK(IFRIC)-Int 4 Determining whether an Arrangement contains a Lease

The Group has adopted this interpretation as of 1 January 2006, which provides guidance in determining whether arrangements contain a lease to which lease accounting must be applied. This interpretation has had no material impact on these financial statements.

3.3 IMPACT OF ISSUED BUT NOT YET EFFECTIVE HONG KONG FINANCIAL REPORTING STANDARDS

The Group has not applied the following new and revised HKFRSs, that have been issued but are not yet effective, in these financial statements.

HKAS 1 Amendment	Capital Disclosures
HKFRS 7	Financial Instruments: Disclosures
HKFRS 8	Operating Segments
HK(IFRIC)-Int 7	Applying the Restatement Approach under HKAS 29 *Financial Reporting in Hyperinflationary Economies*
HK(IFRIC)-Int 8	Scope of HKFRS 2
HK(IFRIC)-Int 9	Reassessment of Embedded Derivatives
HK(IFRIC)-Int 10	Interim Financial Reporting and Impairment
HK(IFRIC)-Int 11	HKFRS 2 – Group and Treasury Share Transactions
HK(IFRIC)-Int 12	Service Concession Arrangements

The HKAS 1 Amendment shall be applied for annual periods beginning on or after 1 January 2007. The revised standard will affect the disclosures about qualitative information about the Group's objective, policies and processes for managing capital; quantitative data about what the Company regards as capital; and compliance with any capital requirements and the consequences of any non-compliance.

HKFRS 7 shall be applied for annual periods beginning on or after 1 January 2007. The standard requires disclosures that enable users of the financial statements to evaluate the significance of the Group's financial instruments and the nature and extent of risks arising from those financial instruments and also incorporates many of the disclosure requirements of HKAS 32.

HKFRS 8 shall be applied for annual periods beginning on or after 1 January 2009. The standard requires the disclosure of information about the operating segments of the Group, the products and services provided by the segments, the geographical areas in which the Group operates, and revenues from the Group's major customers. This standard will supersede HKAS 14 *Segment Reporting*.

HK(IFRIC)-Int 7, HK(IFRIC)-Int 8, HK(IFRIC)-Int 9, HK(IFRIC)-Int 10, HK(IFRIC)-Int 11 and HK(IFRIC)-Int 12 shall be applied for annual periods beginning on or after 1 March 2006, 1 May 2006, 1 June 2006, 1 November 2006, 1 March 2007 and 1 January 2008, respectively.

The Group is in the process of making an assessment of the impact of these new and revised HKFRSs upon initial application. So far, it has concluded that while the adoption of the HKAS 1 Amendment, HKFRS 7 and HKFRS 8 may result in new or amended disclosures, these new and revised HKFRSs are unlikely to have a significant impact on the Group's results of operations and financial position.

3.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Subsidiaries

A subsidiary is an entity whose financial and operating policies the Company controls, directly or indirectly, so as to obtain benefits from its activities.

The results of subsidiaries are included in the Company's income statement to the extent of dividends received and receivable. The Company's interests in subsidiaries are stated at cost less any impairment losses.

Associates

An associate is an entity, not being a subsidiary or a jointly-controlled entity, in which the Group has a long term interest of generally not less than 20% of the equity voting rights and over which it is in a position to exercise significant influence.

The Group's share of the post-acquisition results and reserves of associates is included in the consolidated income statement and consolidated reserves, respectively. The Group's interests in associates are stated in the consolidated balance sheet at the Group's share of net assets under the equity method of accounting, less any impairment losses. Goodwill arising from the acquisition of associates is included as part of the Group's interests in associates. Adjustments are made to bring into line any dissimilar accounting policies that may exist.

Goodwill

Goodwill arising on the acquisition of subsidiaries and associates represents the excess of the cost of the business combination over the Group's interest in the net fair value of the acquirees' identifiable assets acquired, and liabilities and contingent liabilities assumed as at the date of acquisition.

Goodwill arising on acquisition is recognised in the consolidated balance sheet as an asset, initially measured at cost and subsequently at cost less any accumulated impairment losses. In the case of associates, goodwill is included in the carrying amount thereof, rather than as a separately identified asset on the consolidated balance sheet.

The carrying amount of goodwill is reviewed for impairment annually or more frequently if events or changes in circumstances indicate that the carrying value may be impaired.

3.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Goodwill *(Continued)*

For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to each of the Group's cash-generating units, or groups of cash-generating units, that are expected to benefit from the synergies of the combination, irrespective of whether other assets or liabilities of the Group are assigned to those units or groups of units. Each unit or group of units to which the goodwill is so allocated:

- represents the lowest level within the Group at which the goodwill is monitored for internal management purposes; and

- is not larger than a segment based on either the Group's primary or the Group's secondary reporting format determined in accordance with HKAS 14 "Segment Reporting".

Impairment is determined by assessing the recoverable amount of the cash-generating unit (group of cash-generating units) to which the goodwill relates. Where the recoverable amount of the cash-generating unit (group of cash-generating units) is less than the carrying amount, an impairment loss is recognised.

Where goodwill forms part of a cash-generating unit (group of cash-generating units) and part of the operation within that unit is disposed of, the goodwill associated with the operation disposed of is included in the carrying amount of the operation when determining the gain or loss on disposal of the operation. Goodwill disposed of in this circumstance is measured based on the relative values of the operation disposed of and the portion of the cash-generating unit retained.

An impairment loss recognised for goodwill is not reversed in a subsequent period.

Excess over the Cost of Business Combinations

Any excess of the Group's interest in the net fair value of the acquirees' identifiable assets, liabilities and contingent liabilities over the cost of acquisition of subsidiaries (previously referred to as negative goodwill), after reassessment, is recognised immediately in the income statement.

Impairment of Non-financial Assets other than Goodwill

Where an indication of impairment exists, or when annual impairment testing for an asset is required, (other than inventories, deferred tax assets and financial assets) the asset's recoverable amount is estimated. An asset's recoverable amount is calculated as the higher of the asset's or cash-generating unit's value in use and its fair value less costs to sell, and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets, in which case, the recoverable amount is determined for the cash-generating unit to which the asset belongs.

3.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Impairment of Non-financial Assets other than Goodwill *(Continued)*

An impairment loss is recognised only if the carrying amount of an asset exceeds its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. An impairment loss is charged to the income statement in the period in which it arises in those expense categories consistent with the function of the impaired asset.

An assessment is made at each reporting date as to whether there is any indication that previously recognised impairment losses may no longer exist or may have decreased. If such indication exists, the recoverable amount is estimated. A previously recognised impairment loss of an asset other than goodwill is reversed only if there has been a change in the estimates used to determine the recoverable amount of that asset, however not to an amount higher than the carrying amount that would have been determined (net of any depreciation/amortisation), had no impairment loss been recognised for the asset in prior years. A reversal of an impairment loss is credited to the income statement in the period in which it arises.

Property, Plant and Equipment and Depreciation

Property, plant and equipment, other than construction in progress, are stated at cost less accumulated depreciation and any impairment losses. The cost of an item of property, plant and equipment comprises its purchase price and any directly attributable costs of bringing the asset to its working condition and location for its intended use. Expenditure incurred after items of property, plant and equipment have been put into operation, such as repairs and maintenance, is normally charged to the income statement in the period in which it is incurred. In situations where it can be clearly demonstrated that the expenditure has resulted in an increase in the future economic benefits expected to be obtained from the use of an item of property, plant and equipment, the expenditure is capitalised as an additional cost of that asset or as a replacement.

Depreciation is calculated on the straight-line basis to write off the cost of each item of property, plant and equipment to its residual value over its estimated useful life. The estimated useful lives of the items of property, plant and equipment are as follows:

Freehold land	Not depreciated
Buildings	20 years
Leasehold improvements	Over the lease terms or 5 to 10 years
Machinery	10 years
Furniture, fixtures and office equipment	5 years
Motor vehicles	5 years

Where parts of an item of property, plant and equipment have different useful lives, the cost of that item is allocated on a reasonable basis among the parts and each part is depreciated separately.

3.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Property, Plant and Equipment and Depreciation *(Continued)*

Residual values, useful lives and depreciation method are reviewed, and adjusted if appropriate, at each balance sheet date.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from its use or disposal. Any gain or loss on disposal or retirement recognised in the income statement in the year the asset is derecognised is the difference between the net sales proceeds and the carrying amount of the relevant asset.

Construction in progress represents buildings, plant and machinery and other items of property, plant and equipment under construction or installation, which is stated at cost less any impairment losses, and is not depreciated. Cost comprises the direct costs of purchase, construction, installation and testing and capitalised borrowing costs on related borrowed funds during the period of construction or installation. Construction in progress is reclassified to the appropriate category of property, plant and equipment when completed and ready for use.

Inventories

Inventories are stated at the lower of cost and net realisable value. Cost is determined on the weighted average basis and, in the case of work in progress and finished goods, comprises direct materials, direct labour and an appropriate proportion of overheads. Net realisable value is based on estimated selling prices less any estimated costs to be incurred to completion and disposal.

Financial Liabilities at Amortised Cost (including interest-bearing borrowings)

Financial liabilities including trade and other payables and interest-bearing borrowings are initially stated at fair value less directly attributable transaction costs and are subsequently measured at amortised cost, using the effective interest method unless the effect of discounting would be immaterial, in which case they are stated at cost.

Gains and losses are recognised in the income statement when the liabilities are derecognised as well as through the amortisation process.

Derecognition of Financial Liabilities

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires.

When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability, and the difference in the respective carrying amounts is recognised in the income statement.

3.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Provisions

A provision is recognised when a present obligation (legal or constructive) has arisen as a result of a past event and it is probable that a future outflow of resources will be required to settle the obligation, provided that a reliable estimate can be made of the amount of the obligation.

When the effect of discounting is material, the amount recognised for a provision is the present value at the balance sheet date of the future expenditures expected to be required to settle the obligation. The increase in the discounted present value amount arising from the passage of time is included in finance costs in the income statement.

Dividends

Final dividends proposed by the Directors are classified as a separate allocation of retained profits within the equity section of the balance sheet, until they have been approved by the shareholders in a general meeting. When these dividends have been approved by the shareholders and declared, they are recognised as a liability.

Interim dividends are simultaneously proposed and declared, because the Company's memorandum and articles of association grant the directors the authority to declare interim dividends. Consequently, interim dividends are recognised immediately as a liability when they are proposed and declared.

Income Tax

Income tax comprises current and deferred tax. Income tax is recognised in the income statement or in equity if it relates to items that are recognised in the same or a different period directly in equity.

Current tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities.

Deferred tax is provided, using the liability method, on all temporary differences at the balance sheet date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax liabilities are recognised for all taxable temporary differences, except:

- where the deferred tax liability arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and

- in respect of taxable temporary differences associated with investments in subsidiaries, where the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

3.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Income Tax *(Continued)*

Deferred tax assets are recognised for all deductible temporary differences, carryforward of unused tax credits and unused tax losses, to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carryforward of unused tax credits and unused tax losses can be utilised except:

- where the deferred tax asset relating to the deductible temporary differences arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and

- in respect of deductible temporary differences associated with investments in subsidiaries, deferred tax assets are only recognised to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Conversely, previously unrecognised deferred tax assets are reassessed at each balance sheet date and are recognised to the extent that it is probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the balance sheet date.

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

Employee Benefits

Pension schemes

The employees of the Group's subsidiaries which operate in Mainland China are required to participate in central pension schemes operated by the relevant government authorities. These subsidiaries are required to contribute a certain percentage of their payroll costs to the central pension schemes. The contributions are charged to the income statement as they become payable in accordance with the rules of the central pension schemes.

3.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Employee Benefits *(Continued)*

Pension schemes (Continued)

The Group also operates a defined contribution Mandatory Provident Fund retirement benefits scheme (the "MPF Scheme") under the Mandatory Provident Fund Schemes Ordinance, for all of its employees employed by the Group's subsidiary in Hong Kong. Contributions are made based on a percentage of the employees' basic salaries and are charged to the income statement as they become payable in accordance with the rules of the MPF Scheme. The assets of the MPF Scheme are held separately from those of the Group in an independently administered fund. The Group's employer contributions vest fully with the employees when contributed into the MPF Scheme.

Share-based payment transactions

The Company operates a Pre-IPO share option scheme, a share option scheme and a share award plan for the purpose of providing incentives and rewards to eligible participants who contribute to the success of the operations of the Group. Employees (including directors) of the Group receive remuneration in the form of share-based payment transactions, whereby employees render services as consideration for equity instruments ("equity-settled transactions").

The cost of equity-settled transactions with employees is measured by reference to the fair value at the date at which they are granted. The fair value is determined by an external valuer, further details of which are given in note 31 to the financial statements. In valuing equity-settled transactions, no account is taken of any performance conditions, other than conditions linked to the price of the shares of the Company ("market conditions"), if applicable.

The cost of equity-settled transactions is recognised, together with a corresponding increase in equity, over the period in which the performance and/or service conditions are fulfilled, ending on the date on which the relevant employees become fully entitled to the award (the "vesting date"). The cumulative expense recognised for equity-settled transactions at each balance sheet date until the vesting date reflects the extent to which the vesting period has expired and the Group's best estimate of the number of equity instruments that will ultimately vest. The charge or credit to the income statement for a period represents the movement in cumulative expense recognised as at the beginning and end of that period.

No expense is recognised for awards that do not ultimately vest, except for awards where vesting is conditional upon a market condition, which are treated as vesting irrespective of whether or not the market condition is satisfied, provided that all other performance conditions are satisfied.

Where the terms of an equity-settled award are modified, as a minimum an expense is recognised as if the terms had not been modified. In addition, an expense is recognised for any modification which increases the total fair value of the share-based payment arrangement, or is otherwise beneficial to the employee as measured at the date of modification.

3.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Employee Benefits *(Continued)*

Share-based payment transactions (Continued)

Where an equity-settled award is cancelled, it is treated as if it had vested on the date of cancellation, and any expense not yet recognised for the award is recognised immediately. However, if a new award is substituted for the cancelled award, and designated as a replacement award on the date that it is granted, the cancelled and new awards are treated as if they were a modification of the original award, as described in the previous paragraph.

The dilutive effect of outstanding options is reflected as additional share dilution in the computation of earnings per share.

Foreign Currencies

These financial statements are presented in Hong Kong dollars, which is the Company's functional and presentation currency. Each entity in the Group determines its own functional currency and items included in the financial statements of each entity are measured using that functional currency. Foreign currency transactions are initially recorded using the functional currency rates ruling at the date of the transactions. Monetary assets and liabilities denominated in foreign currencies are retranslated at the functional currency rates of exchange ruling at the balance sheet date. All differences are taken to the income statement. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates as at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined.

The functional currencies of certain overseas subsidiaries are currencies other than the Hong Kong dollar. As at the balance sheet date, the assets and liabilities of these entities are translated into the presentation currency of the Company at exchange rates ruling at the balance sheet date and, their income statements are translated into Hong Kong dollars at the weighted average exchange rates for the year. The resulting exchange differences are included in the exchange fluctuation reserve. On disposal of a foreign entity, the deferred cumulative amount recognised in equity relating to that particular foreign operation is recognised in the income statement.

For the purpose of the consolidated cash flow statement, the cash flows of overseas subsidiaries are translated into Hong Kong dollars at the exchange rates ruling at the dates of the cash flows. Frequently recurring cash flows of overseas subsidiaries which arise throughout the year are translated into Hong Kong dollars at the weighted average exchange rates for the year.

Related Parties

A party is considered to be related to the Group if:

(a) the party, directly or indirectly through one or more intermediaries:

 (i) controls, is controlled by, or is under common control with, the Group;

 (ii) has an interest in the Group that gives it significant influence over the Group; or

 (iii) has joint control over the Group;

(b) the party is a jointly-controlled entity;

(c) the party is an associate;

(d) the party is a member of the key management personnel of the Group or its parent;

(e) the party is a close member of the family of any individual referred to in (a) or (d);

(f) the party is an entity that is controlled, jointly-controlled or significantly influenced by or for which significant voting power in such entity resides with, directly or indirectly, any individual referred to in (d) or (e); or

(g) the party is a post-employment benefit plan for the benefit of employees of the Group, or of any entity that is a related party of the Group.

Leases

Leases where substantially all the rewards and risks of ownership of assets remain with the lessor are accounted for as operating leases. Where the Group is the lessee, rentals payable under the operating leases are charged to the income statement on the straight-line basis over the lease terms.

Prepaid land premiums for land under operating leases are initially stated at cost and subsequently recognised on the straight-line basis over the lease terms.

3.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Investments and Other Financial Assets

Financial assets in the scope of HKAS 39 are classified as loans and receivables or available-for-sale financial assets, as appropriate. When financial assets are recognised initially, they are measured at fair value, plus, in the case of investments not at fair value through profit or loss, directly attributable transaction costs. The Group considers whether a contract contains an embedded derivative when the Group first becomes a party to it. The embedded derivatives are separated from the host contract which is not measured at fair value through profit or loss when the analysis shows that the economic characteristics and risks of embedded derivatives are not closely related to those of the host contract.

The Group determines the classification of its financial assets, after initial recognition and, where allowed and appropriate, re-evaluates this designation at the balance sheet date.

All regular way purchases and sales of financial assets are recognised on the trade date, that is, the date that the Group commits to purchase or sell the asset. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the period generally established by regulation or convention in the marketplace.

Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. Such assets are subsequently carried at amortised cost using the effective interest method. Amortised cost is calculated taking into account any discount or premium on acquisition and includes fees that are an integral part of the effective interest rate and transaction costs. Gains and losses are recognised in the income statement when the loans and receivables are derecognised or impaired, as well as through the amortisation process.

Available-for-sale financial assets

Available-for-sale financial assets are non-derivative financial assets in unlisted equity securities that are designated as available-for-sale or are not classified in the other categories. After initial recognition, available-for-sale financial assets are measured at fair value, with gains or losses being recognised as a separate component of equity until the investment is derecognised or until the investment is determined to be impaired, at which time the cumulative gain or loss previously reported in equity is included in the income statement.

3.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Investments and Other Financial Assets *(Continued)*

Available-for-sale financial assets (Continued)

When the fair value of unlisted equity securities cannot be reliably measured because (a) the variability in the range of reasonable fair value estimates is significant for that investment or (b) the probabilities of the various estimates with the range cannot be reasonably assessed and used in estimating fair value, such securities are stated at cost less any impairment losses.

Fair value

The fair value of investments that are actively traded in organised financial markets is determined by reference to quoted market bid prices at the close of business at the balance sheet date. For investments where there is no active market, fair value is determined using valuation techniques. Such techniques include using recent arm's length market transactions; reference to the current market value of another instrument which is substantially the same; a discounted cash flow analysis; and option pricing models.

Impairment of Financial Assets

The Group assesses at each balance sheet date whether there is any objective evidence that a financial asset or group financial assets is impaired.

Assets carried at amortised cost

If there is objective evidence that an impairment loss on loans and receivables carried at amortised cost has been incurred, the amount of the loss is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows (excluding future credit losses that have not been incurred) discounted at the financial asset's original effective interest rate (i.e., the effect interest rate computed at initial recognition). The carrying amount of the asset is reduced either directly or through the use of an allowance account. The amount of the impairment loss is recognised in the income statement.

The Group first assesses whether objective evidence of impairment exists individually for financial assets that are individually significant, and individually or collectively for financial assets that are not individually significant. If it is determined that no objective evidence of impairment exists for an individually assessed financial asset, whether significant or not, the asset is included in a group of financial assets with similar credit risk characteristics and that group is collectively assessed for impairment. Assets that are individually assessed for impairment and for which an impairment loss is or continues to be recognised are not included in a collective assessment of impairment.

If, in a subsequent period, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, the previously recognised impairment loss is reversed. Any subsequent reversal of an impairment loss is recognised in the income statement, to the extent that the carrying value of the asset does not exceed its amortised cost at the reversal date.

3.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Impairment of Financial Assets *(Continued)*

Assets carried at amortised cost (Continued)

In relation to trade receivables, a provision for impairment is made when there is objective evidence (such as the probability of insolvency or significant financial difficulties of the debtor) that the Group will not be able to collect all of the amounts due under the original terms of an invoice. The carrying amount of the receivables is reduced through the use of an allowance account. Impaired debts are derecognised when they are assessed as uncollectible.

Assets carried at cost

If there is objective evidence that an impairment loss on an unquoted equity instrument that is not carried at fair value because its fair value cannot be reliably measured has been incurred, the amount of the loss is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows discounted at the current market rate of return for a similar financial asset. Impairment losses on these assets are not reversed.

Available-for-sale financial assets

If an available-for-sale asset is impaired, an amount comprising the difference between its cost (net of any principal payment and amortisation) and its current fair value, less any impairment loss previously recognised in the income statement, is transferred from equity to the income statement. Impairment losses on equity instruments classified as available-for-sale are not reversed through the income statement.

Derecognition of Financial Assets

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is derecognised where:

- the rights to receive cash flows from the asset have expired;

- the Group retains the rights to receive cash flows from the asset, but has assumed an obligation to pay them in full without material delay to a third party under a "pass-through" arrangement; or

- the Group has transferred its rights to receive cash flows from the asset and either (a) has transferred substantially all the risks and rewards of the asset, or (b) has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

Where the Group has transferred its rights to receive cash flows from an asset and has neither transferred nor retained substantially all the risk and rewards of the asset nor transferred control of the asset, the asset is recognised to the extent of the Group's continuing involvement in the asset. Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Group could be required to repay.

3.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Derecognition of Financial Assets *(Continued)*

Where continuing involvement takes the form of a written and/or purchased option (including a cash-settled option or similar provision) on the transferred asset, the extent of the Group's continuing involvement is the amount of the transferred asset that the Group may repurchase, except in the case of a written put option (including a cash-settled option or similar provision) on an asset measured at fair value, where the extent of the Group's continuing involvement is limited to the lower of the fair value of the transferred asset and the option exercise price.

Cash and Cash Equivalents

For the purpose of the consolidated cash flow statements, cash and cash equivalents comprise cash on hand and demand deposits, and short term highly liquid investments which are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value, and have a short maturity of generally within three months when acquired, less bank overdrafts which are repayable on demand and form an integral part of the Group's cash management.

For the purpose of the balance sheets, cash and cash equivalents comprise cash on hand and at banks, including term deposits, which are not restricted as to use.

Revenue Recognition

Revenue is recognised when it is probable that the economic benefits will flow to the Group and when the revenue can be measured reliably, on the following bases:

(a) from the sale of goods, when the significant risks and rewards of ownership have been transferred to the buyer, provided that the Group maintains neither managerial involvement to the degree usually associated with ownership, nor effective control over the goods sold;

(b) from the rendering of services, when the services have been rendered; and

(c) interest income, on an accrual basis using the effective interest method by applying the rate that discounts the estimated future cash receipts through the expected life of the financial instrument to the net carrying amount of the financial asset.

Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, i.e. assets that necessarily take a substantial period of time to get ready for their intended use or sale, are capitalised as part of the cost of those assets. The capitalisation of such borrowing costs ceases when the assets are substantially ready for their intended use or sale. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs capitalised.

3.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Derivative Financial Instruments

The Group uses forward currency contracts to reduce its risks associated with foreign currency fluctuations. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently remeasured at fair value. Derivatives are carried as assets when the fair value is positive, and as liabilities when the fair value is negative.

The Group's forward currency contracts do not qualify for hedge accounting and accordingly gains or losses arising from changes in fair value on derivatives are taken directly to the income statement for the year.

The fair value of forward currency contracts is calculated by reference to current forward exchange rates for contracts with similar maturity profiles.

4. SIGNIFICANT ACCOUNTING ESTIMATES

Estimation Uncertainty

The key assumptions concerning the future and other key sources of estimation uncertainty at the balance sheet date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are discussed below.

Recognition of share-based compensation expenses

As detailed in note 31(c) to the financial statements, the Company has granted share options to certain employees of the Group. The directors have used an external valuer who has applied the Black-Scholes option pricing model to determine the total fair value of the options granted, which is to be expensed over the vesting period. Significant estimation of the parameters for applying the Black-Scholes option pricing model, such as risk-free interest rate, dividend yield, expected volatility and turnover rate of grantees, is required to be made.

The fair value of options granted for the year ended 31 December 2006 determined using the Black-Scholes option pricing model was approximately HK$37,034,000.

Write-down of inventories

Inventories are written down to net realisable value based on an assessment of their realisability. Write-downs on inventories are recorded where events or changes in circumstances indicate that the balances may not be realised. The identification of write-downs requires the use of judgement and estimates. Where the expectation is different from the original estimate, such difference will impact the carrying value of inventories and write-down of inventories in the periods in which such estimate is changed.

The carrying amount of inventories as at 31 December 2006 was HK$654,646,000 (2005: HK$764,963,000).

5. SEGMENT INFORMATION

Segment information is presented by way of two segment formats: (i) on a primary segment reporting basis, by business segment; and (ii) on a secondary segment reporting basis, by geographical segment.

(a) Business Segments

The Group was principally engaged in the manufacture and sale of notebook computer casings. Therefore, no further business segment analysis is presented.

(b) Geographical Segments

In determining the Group's geographical segments, revenues are attributed to the segments based on the location of customers, and assets are attributed to the segments based on the location of assets.

The following tables present revenue, certain assets and capital expenditure information for the Group's geographical segments for the years ended 31 December 2006 and 2005.

	5,383	4,011

During the year, certain directors were granted share options, in respect of their services to the Group, under the share option scheme of the Company, further details of which are set out in note 31(c) to the financial statements. The fair value of such options which has been recognised to the income statement over the vesting period, was determined as at the date of grant and the amount included in the financial statements for the current year is included in the above directors' remuneration disclosures.

During the prior year, certain directors were granted options under the Pre-IPO share option scheme and shares under the share award plan in respect of their services to the Group, further details of which are set out in note 31(a) and 31(b) to the financial statements, respectively. The fair value of such options and shares which has been recognised in the income statement over the vesting period, was determined as at the date of the grant and the amount included in the financial statements for the prior year was included in the above directors' remuneration disclosures.

The remuneration of the three non-director, highest paid employees for the current and prior years fell within the Nil to HK$1,000,000 band.

During the year, share options were granted under the share option scheme of the Company to the three non-director, highest paid employees in respect of their services to the Group, further details of which are included in the disclosures in note 31(c) to the financial statements. The fair value of such options, which has been recognised in the income statement over the vesting period, was determined as at the date of grant and the amount included in the financial statements for the current year is included in the above non-director, highest paid employees' remuneration disclosures.

During the prior year, shares were granted under the share award plan of the Company to the three non-director, highest paid employees in respect of their services to the Group, further details of which are included in the disclosures in note 31(b) to the financial statements. The fair value of such shares, which has been recognised in the income statement over the vesting period, was determined as at the date of grant and the amount included in the financial statements for the prior year is included in the above non-director, highest paid employees' remuneration disclosures.

11. TAX

Hong Kong profits tax has not been provided, as the Group did not have any assessable profits arising in Hong Kong during the year. Taxes on profits assessable elsewhere have been calculated at the rates of tax prevailing in the jurisdictions in which the Group operates, based on existing legislation, interpretations and practices in respect thereof.

Pursuant to an approval document dated 28 December 2001 issued by the Tax Bureau of Wujiang City, the PRC (the "Tax Bureau"), Everyday Computer Components (Suzhou) Co., Ltd. ("Everyday Computer"), a subsidiary of the Company, is subject to a preferential tax rate of 24% as Everyday Computer is recognised as a foreign investment manufacturing enterprise. In addition, Everyday Computer is a foreign investment enterprise and is entitled to full exemption from income tax for two years starting from the first profitable year which was the year ended 31 December 2002 and a 50% tax relief for the three years thereafter.

Pursuant to an approval document dated 13 April 2004 issued by the Tax Bureau, Suzhou Dazhi Communication Accessory Co., Ltd. ("Suzhou Dazhi"), a subsidiary of the Company, is subject to a preferential tax rate of 24% as Suzhou Dazhi is also recognised as a foreign investment manufacturing enterprise. In addition, Suzhou Dazhi, also a foreign investment enterprise, is entitled to full exemption from income tax for two years starting from the first profitable year which was the year ended 31 December 2003 and a 50% tax relief for the three years thereafter. However, pursuant to the relevant income tax laws and regulations in the PRC, Suzhou Dazhi elected to defer its entitlement of the tax exemption to the year commencing 1 January 2004 as Suzhou Dazhi had commenced its operations for less than six months in its first year of entitlement.

Ju Teng Electronics (Shanghai) Co., Ltd. ("Ju Teng Electronics"), which is located and operates in Shanghai Songjiang Export Processing Zone, is subject to a preferential tax rate of 15%. Ju Teng Electronics is also a foreign investment enterprise and is therefore entitled to full exemption from income tax for two years starting from the first profitable year which was the year ended 31 December 2003 and a 50% tax relief for the three years thereafter.

The share of tax attributable to the associate amounting to HK$478,000 (2005: Nil) is included in "Share of profit of an associate" on the face of the consolidated income statement.

12. PROFIT ATTRIBUTABLE TO EQUITY HOLDERS OF THE COMPANY

The consolidated profit attributable to equity holders of the Company for the year ended 31 December 2006 includes a loss of HK$9,059,000 (2005: HK$5,815,000) which has been dealt with in the financial statements of the Company (note 32(b)).

13. DIVIDEND

No dividend has been paid or declared by the Company during the year.

14. EARNINGS PER SHARE ATTRIBUTABLE TO EQUITY HOLDERS OF THE COMPANY

The calculation of basic earnings per share amounts is based on the profit for the year attributable to equity holders of the Company of HK$202,942,000 (2005: HK$192,095,000) and the 1,000,000,000 (2005: weighted average number of 782,027,397) shares in issue during the year. The weighted average number of shares in issue for the prior year was calculated on the assumption that the Group Reorganisation and the capitalisation issue of shares as further detailed in note 30 had been completed on 1 January 2005.

The calculation of diluted earnings per share amounts is based on the profit for the year attributable to equity holders of the Company of HK$202,942,000 (2005: HK$192,095,000). The weighted average number of shares used in the calculation is the 1,000,000,000 (2005: weighted average number of 782,027,397) shares in issue during the year, as used in the basic earnings per share calculation, and the weighted average number of 746,913 (2005: 66,953) shares assumed to have been issued at no consideration on the deemed exercise of all dilutive potential shares into shares.

Share of net assets	**24,745**	–

The principal asset of the associate is its wholly-owned subsidiary, Chengyang Precision Mold (Kunshan) Company Limited ("Chengyang"), which is principally engaged in the manufacture and sale of moulds.

Particulars of the associate are as follows:

Name	Particulars of issued shares held	Place of incorporation/ registration	Percentage of ownership interest attributable to the Group	Principal activities
Smart Success Enterprises Limited*	2,190,000 ordinary shares of US$1 each	Samoa	36.5	Investment holding

At 31 December 2006, certain subsidiaries of the Group had factored trade receivables of HK$373,698,000 (2005: HK$502,067,000) to banks on a without-recourse basis for cash. As the subsidiaries of the Group still retained the risks and rewards associated with the delay in payment by the customers, the financial asset derecognition conditions as stipulated in HKAS 39 have not been fulfilled. Accordingly, the proceeds from the factoring of the Group's trade receivables have been accounted for as liabilities in the consolidated balance sheet.

22. TRADE RECEIVABLES *(Continued)*

Factored trade receivables *(Continued)*

Included in the Group's trade receivables at the balance sheet date were amounts due from the following related companies, which are repayable on credit terms similar to those offered to the major customers of the Group.

Unlisted equity investment, at fair value	**74,210**	–

During the year, the gross gain of the Group's available-for-sale investment recognised directly in equity amounted to HK$56,171,000 (2005: Nil).

24. AVAILABLE-FOR-SALE INVESTMENT *(Continued)*

The above investment represents investment in equity securities which were designated as available-for-sale financial assets and have no fixed maturity date or coupon rate.

The fair value of the unlisted available-for-sale equity investment has been estimated based on the trading price on the over-the-counter market.

In the opinion of the Company's directors, the available-for-sale investment is expected to be realised within twelve months after the balance sheet date. Accordingly, the investment is classified as a current asset in the consolidated balance sheet.

Note: The pledged bank balances and time deposits as at 31 December 2006 included bank balance of HK$20,248,000 (2005: HK$10,410,000) relating to the settlement of factored trade receivables by a customer before the year end but not yet offset by the bank against the advances from factoring of the relevant trade receivables.

The Group's pledged bank balances and time deposits of HK$133,489,000 (2005: HK$18,435,000) were applied to secure certain banking facilities granted to the Group (note 28).

RMB is not a freely convertible currency in the PRC and the remittance of funds out of the PRC is subject to the exchange restriction imposed by the PRC government. Companies incorporated in the ROC are subject to certain controls in the remittance of funds out of the ROC up to a certain limit for each calendar year. As at 31 December 2006, the cash and cash equivalents which were subject to exchange and/or remittance restrictions in the PRC or the ROC amounted to approximately HK$34,878,000 (2005: HK$81,880,000).

26. TRADE AND BILLS PAYABLES

Share Options

Details of the Company's Pre-IPO share option scheme, share option scheme and the share options granted are included in note 31 to the financial statements.

31. EQUITY COMPENSATION PLANS

(a) Pre-IPO Share Option Scheme

On 17 June 2005, the Company adopted a Pre-IPO share option scheme. On the same day, Pre-IPO share options were granted to Mr. Tsui Yung Kwok, a director of the Company, for subscribing 2,800,000 shares in the Company at an exercise price of HK$1.26 per share. The exercise period commences from 3 November 2006 and ends on and includes 16 June 2015.

The fair value of the Pre-IPO share options granted during the prior year was estimated at approximately HK$1,422,000, of which the Group recognised an expense of HK$862,000 (2005: HK$560,000) during the year ended 31 December 2006.

No Pre-IPO share option was exercised during the year.

(b) Share Award Plan

On 17 June 2005, the Company adopted a share award plan. On the same day, a total of 952,881 shares (before the Capitalisation Issue) in the Company were transferred to the trustee of the share award plan by Jiu Liang International Limited, a company beneficially owned by Southern Asia, Extrawell, Ever Grand and certain employees of the Group, at nil consideration, and a total of 12,452,669 shares was allotted and issued to the trustee of the share award plan pursuant to the Capitalisation Issue. On the same day, the Company awarded a total of 4,289,776 shares (after the Capitalisation Issue) to Mr. Huang Kuo-Kuang, a director of the Company, and certain employees of the Group under the share award plan, which had vested during the year. The shares awarded by the Company under the share award plan are accounted for as shared-based payments under HKFRS 2.

31. EQUITY COMPENSATION PLANS *(Continued)*

(b) Share Award Plan *(Continued)*

The fair value of the shares awarded during the prior year was estimated at approximately HK$5,325,000, of which the Group recognised an expense of HK$2,029,000 (2005: HK$3,296,000) during the year ended 31 December 2006.

(c) Share Option Scheme

The Company operates a share option scheme (the "Scheme") for the purpose of providing incentives and rewards to eligible participants who contribute to the success of the Group's operations. Eligible participants of the Scheme include, among others, the Group's directors, including independent non-executive directors, other employees of the Group, suppliers of goods or services to the Group, customers of the Group, persons that provides research, development or other technological support to the Group, the Group's shareholders, the adviser or consultants of the Group and participant who have contributed or may contribute to the development and growth of the Group. The Scheme became effective on 3 November 2005 and unless otherwise cancelled or amended, will remain in force for a period to 5 October 2015.

The maximum number of unexercised share options currently permitted to be granted under the Scheme is an amount equivalent, upon their exercise, to 30% of the shares of the Company in issue at any time. The maximum number of shares issuable under share options to each eligible participant in the Scheme within any 12-month period, is limited to 1% of the shares of the Company in issue at any time. Any further grant of share options in excess of this limit is subject to shareholders' approval in a general meeting.

Share options granted to a director, chief executive or substantial shareholder of the Company, or to any of their associates, are subject to approval in advance by the independent non-executive directors of the Company. In addition, any share options granted to a substantial shareholder or an independent non-executive director of the Company, or to any of their associates, in excess of 0.1% of the shares of the Company in issue at any time or with an aggregate value (based on the closing price of the Company's shares at the date of the grant) in excess of HK$5 million, within any 12-month period, are subject to shareholders' approval in advance in a general meeting.

The offer of a grant of share options may be accepted within 21 days from the date of the offer, upon payment of a nominal consideration of HK$1 in total by the grantee. The exercise period of the share options granted is determinable by the directors, which period may commence from the date of the offer of the share options, and ends on a date which is not later than ten years from the date of the offer of the share options.

The exercise price of the share options is determinable by the directors, but shall not be less than the highest of (i) the closing price of the Company's shares as quoted on the Stock Exchange's daily quotation sheets on the date of the offer of the share options; and (ii) the average closing price of the Company's shares as quoted on the Stock Exchange's daily quotation sheets for the five trading days immediately preceding the date of the offer; and (iii) the nominal value of the Company's shares.

Share options do not confer rights on the holders to dividends or to vote at shareholders' meetings.

Notes to the reconciliation of share options outstanding during the year:

* The vesting period of the share options is from the date of grant until the commencement of the exercise period.

** The exercise price of the share options is subject to adjustment in the case of rights or bonus issues, or other similar changes in the Company's share capital.

*** The price of the Company's shares disclosed as at the date of grant of the share options is the Stock Exchange closing price on the trading day immediately prior to the date of grant of the options.

The fair value of the share options granted during the year was HK$37,034,000 of which the Group recognised a share option expense of HK$1,577,000 during the year ended 31 December 2006.

31. EQUITY COMPENSATION PLANS *(Continued)*

(c) Share Option Scheme *(Continued)*

The fair value of equity-settled share options granted during the year was estimated as at the date of grant using the Black-Scholes option pricing model taking into account the terms and conditions upon which the options were granted. The following table lists the inputs to the model used for the year ended 31 December 2006:

Dividend yield (%)	0
Expected volatility (%)	52.18
Historical volatility (%)	51.94
Risk-free interest rate (%)	3.813 – 3.869
Weighted average expected life of option (year)	4.67
Weighted average share price (HK$)	1.56

The expected life of the options is based on the directors' estimation and is not necessarily indicative of the exercise patterns that may occur. The expected volatility reflects the assumption that the historical volatility is indicative of future trends, which may also not necessarily be the actual outcome.

No other feature of the options granted was incorporated into the measurement of fair value.

At the balance sheet date, the Company had 50,000,000 share options outstanding under the Scheme. The exercise in full of the remaining share options would, under the present capital structure of the Company, result in the issue of 50,000,000 additional ordinary shares of the Company and additional share capital of HK$5,000,000 and share premium of HK$73,000,000 (before issue expenses).

At the date of approval of these financial statements, the Company had 50,000,000 share options outstanding under the Scheme, which represented 5% of the Company's shares in issue as at that date.

32. RESERVES

(a) Group

The amounts of the Group's reserves and the movements therein for the current and prior years are presented in the consolidated statement of changes in equity on page 29 of the financial statements.

The Group's contributed surplus represents the difference between the nominal value of the shares and the share premium account of the former Group holding company acquired pursuant to the Group Reorganisation set out in note 2 to the financial statements, over the nominal value of the Company's shares issued in exchange therefor.

The Company's contributed surplus represents the excess of the fair value of the shares of the former Group holding company acquired pursuant to the Group Reorganisation, over the nominal value of the Company's shares issued in exchange therefor. Under the Companies Law of the Cayman Islands, a company may make distributions to its members out of the contributed surplus in certain circumstances.

33. BUSINESS COMBINATION

On 23 January 2006, the Group acquired a 70% interest in Mindforce Holdings Limited. Mindforce Holdings Limited, a company incorporated in the British Virgin Islands, has a wholly-owned PRC subsidiary, WIS Precision (Kunshan) Company Limited ("緯立資訊配件(昆山)有限公司"), which is principally engaged in the manufacture and sale of notebook computer casings and related products in the PRC. The consideration for the acquisition was in the form of cash of HK$38,875,000, of which HK$16,380,000 was paid in the prior year and recorded as prepayment in the prior year's consolidated balance sheet.

33. BUSINESS COMBINATION *(Continued)*

The fair values of the identifiable assets and liabilities of Mindforce Holdings Limited and its subsidiary as at the date of acquisition and the corresponding carrying amounts immediately before the acquisition were as follows:

	Notes	Fair value recognised on acquisition HK$'000	Carrying amount HK$'000

	HK$'000
Cash consideration	(22,495)
Cash and cash equivalents acquired	9,205
Net outflow of cash and cash equivalents in respect of the acquisition of subsidiaries	(13,290)

Since its acquisition, Mindforce Holdings Limited and its subsidiary contributed HK$19,306,000 to the Group's turnover and contributed a net loss of HK$5,986,000 to the consolidated profit for the year ended 31 December 2006.

Had the combination taken place at the beginning of the year, there would have been no significant impact on the revenue and profit of the Group for the year.

34. CONTINGENT LIABILITIES

At the balance sheet date, the Group did not have any significant contingent liabilities.

At the balance sheet date, the Company had provided corporate guarantees of approximately HK$971,506,000 (2005: HK$1,033,958,000) to banks in connection with banking facilities granted to its subsidiaries, which were utilised to the extent of approximately HK$476,331,000 (2005: HK$634,987,000).

35. OPERATING LEASE COMMITMENTS

The Group leases certain of its offices properties and motor vehicles under operating lease arrangements, with leases negotiated for terms ranging from one to five years.

At the balance sheet date, the Group had total future minimum lease payments under non-cancellable operating leases falling due as follows:

	2006	2005
	HK$'000	*HK$'000*
Within one year	**6,487**	6,743
In the second to fifth years, inclusive	**7,797**	12,340

38. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

At the balance sheet date, the Group's principal financial instruments comprise cash and cash equivalents, trade receivables, derivative financial instruments, trade and bills payables, other receivables and payables and bank borrowings.

The Group does not have written risk management policies and guidelines. However, management meets periodically to analyse and formulate measurements to manage the Group's exposure to financial risk, including principally credit risk and changes in currency exchange rates. Generally, the Group employs a conservative strategy regarding its risk management.

(i) Interest Rate Risk

The interest rates and the terms of repayment of the Group's bank loans are disclosed in note 28 above. The Group has no significant exposure to interest rate risk.

(ii) Foreign Currency Risk

The Group's exposure to market risk for changes in foreign currency exchange rates relates primarily to certain trade receivables, trade and bills payables and certain cash and cash equivalents in currencies other than the functional currency of the Group's operating subsidiaries. The Group uses derivative financial instruments to reduce its foreign currency risk, but the transactions do not qualify for hedge accounting.

(iii) Credit Risk

The carrying amount of trade receivables included in the consolidated balance sheet represents the Group's maximum exposure to credit risk in relation to the Group's trade receivables. The Group has a significant concentration of credit risk in relation to trade receivables as the trade receivables due from the five largest customers accounted for 84% of the Group's trade receivables at the balance sheet date.

38. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES *(Continued)*

(iii) Credit Risk *(Continued)*

The Group performs ongoing credit evaluations of its customers' financial conditions and requires no collateral from its customers. The allowance for doubtful debts is based upon a review of the expected collectibility of all trade receivables.

With respect to credit risk arising from the other financial assets of the Group, comprising cash and cash equivalents and other receivables, the Group's exposure to credit risk arises from default of the counterparty, with a maximum exposure being equal to the carrying amount of these instruments. There is no significant concentration of credit risk within the Group in relation to the other financial assets.

(iv) Fair Values

Other than the derivative financial instruments and available-for-sale investment which have been measured at fair value, the financial assets and liabilities which are not carried at fair value in the consolidated balance sheet are presented below:

(a) *Bank balances, trade receivables, trade and bills payables, other receivables and payables*

The carrying amounts of these balances approximate to their fair values because of the immediate or short term maturity of these financial instruments.

(b) *Bank borrowings*

The carrying amounts of bank loans approximate to their fair values, based on the borrowing rates currently available for bank loans with similar terms and average maturity.

(v) Liquidity Risk

The Group's objective is to maintain a balance between continuity of funding and flexibility through the use of bank loans. In addition, banking facilities have been put in place for contingency purposes.

39. POST BALANCE SHEET EVENT

During the 5th Session of the 10th National People's Congress, which was concluded on 16 March 2007, the PRC Corporate Income Tax Law (the "New Corporate Income Tax Law") was approved and will become effective on 1 January 2008. The New Corporate Income Tax Law introduces a wide range of changes which include, but are not limited to, the unification of the income tax rate for domestic-invested and foreign-invested enterprises at 25%. Since the detailed implementation and administrative rules and regulations have not yet been announced, the financial impact of the New Corporate Income Tax Law to the Group cannot be reasonably estimated at this stage.

40. APPROVAL OF THE FINANCIAL STATEMENTS

The financial statements were approved and authorised for issue by the board of directors on 16 April 2007.
